Requesting Roommates:

You are not required to request a roommate. Roommate requests can be submitted after you have signed your housing contract and paid the \$400 prepayment which is a separate step from the housing application. Once you have signed your contract online, a link will display to add or request roommates. It is required that your housing applications match completely and that you and your requested roommate(s) have signed the exact same housing contract to have the best opportunity to be assigned together.

Specific roommate(s) requests cannot be guaranteed but will be considered whenever possible. To increase the likelihood of being assigned with a requested roommate, it is imperative that all students:

- » Complete their housing applications at the same time (applying on different dates makes it more difficult to accommodate requests)
- » Fill out preferences exactly the same on their applications
- » Mutually request each other (it will say confirmed once this is done)
- » Sign contracts for the same building, room type, and Residence Based Learning Community

Roommate requests can be made once you have signed your contract by clicking on "Update Roommate Preference" under your signed contract.

Application Processing and Preferences:

Applications are considered based on the date that the completed application and payment are received and your eligibility for available spaces. Due to facility and space constraints, roommate, facility, and room type preferences cannot be guaranteed.

Dining options are available around campus including a full traditional dining facility located in University Tower. To learn more about meal plans visit mealplans.iupui.edu, to learn more about the dining options on campus visit dineoncampus.com/iupui. Direct all meal plan inquiries to meals@iupui.edu or call (317) 274-2700.

Special Accommodation Requests:

The University is committed to assisting students with specific ADA based accommodation requirements. Requirements are only considered once the student has completed the registration process through Adaptive Educational Services (AES). Students are encouraged to register with AES by **February 15th** to enable the university to best consider their accommodation needs. Students may still register with AES after February 15th however, it is less likely that the University will be able to meet the accommodation needs. Please contact AES to register or with questions at 317-274-3241 or aes.iupui.edu.
